

# Data transfer of intraoral scans for HarmonieSchiene by Orthos

The fastest and most precise transmission of dental imprints is via an intraoral scan!

Orthos can receive and process data from intraoral scanners for the HarmonieSchiene (and all other orders). Here are the portals that these providers use - as well as other transmission channels:

Provider portals			
	Productname: Cerec, Bluecam, Omnicam, Apollo	Productname: Trios	Productname: CS3600 etc.
	Portal: Connect Case Center	Portal: Communicate	Portal: CS Connect
	You can find us in these portals at: <a href="#">Orthos HarmonieSchiene</a> or <a href="mailto:daten@orthos.de">daten@orthos.de</a>		

WeTransfer data service	<b>You are using a different device? Then you can use the provider: <a href="http://www.wetransfer.com">www.wetransfer.com</a></b>
	Just send us your data via STL- or as an OBJ-file, which you can export from your device. Use WeTransfer to send files that are too large to be sent by mail to: <a href="mailto:daten@orthos.de">daten@orthos.de</a>
	In order for us to be able to assign the data, please state when sending: <b>IMPORTANT!</b> > your sender > the patient data > the desired treatment

Orthos Customer Portal	<b>In particular data transmission via our customer portal is very easy and secure...</b> 
	Request your login data for your personal user account from our service employee Brigitte Rummel by email <a href="mailto:b.rummel@orthos.de">b.rummel@orthos.de</a>
	Very conveniently, you can take care of order entry, upload your digital data, view your current orders, communication etc. via login at: <a href="https://kundenportal.orthos.de">https://kundenportal.orthos.de</a>
